WESTERN PACIFIC TO USE R. G. W. TRACKS

President E. T. Jeffery Furnishes Some Definite Information On the Subject.

JOINT STATION FACILITIES.

Official Confirms Story of Fourth West Entry of New Road Into City.

That President E. T. Jeffery's election to the Western Pacific directorate is of more than local interest is only evident. It has caused much comment in the east, and the following extract from the New York Herald will therefore be read with interest. It says:

"As the result of negotiations upon which the election of E. T. Jeffery, president of the Denver & Rio Grande railroad, to the directorate of the Western Pacific railroad depended, Gould trains will be running within two years from the Atlantic to the Pacific ocean. By the affiliation between the Gould system and the Western Pacific, the 800-mile gap which barred the Gould system from the Pacific ocean has been closed.

"It is understood that while Mr. Gould does not appear as the actual owner of a majority of the company's stock, his influence will be dominant in the property and the Western Pacific will be preferentially a Gould road.

"While E. T. Jeffery has received no official notice of his election, it is understood to be on the way.

Mr. Jeffery, in discussing the new relations with the Western Pacific, said today:

"For some little time the gentlemen who are interested in the Western Pacific, of which Mr. W. J. Barnett of San Francisco is the president, have asked that I enter the directorate of their company because of the general character of the property and the Western Pacific, which will naturally exist between the Denver & Rio Grande system and Western Pacific when completed between Salt Lake City and San Francisco. As it appeared to be of mutual advantage to the Denver & Rio Grande and Western Pacific, the consent was given, and I have recently been elected director.

"The Western Pacific has its surveys practically completed from Salt Lake City to San Francisco and has acquired extensive terminals in San Francisco and Oakland. Its main line is about 500 miles long; its maximum grade through the Sierra Nevada mountains will be one per cent, and the interests connected with it are responsible and able to carry the enterprise through to completion. At Salt Lake City the Western Pacific will have the joint use of the yards, track, station facilities, shops, etc., of the Denver & Rio Grande company and the two companies will interchange business, both passenger and freight. The advantage to the Denver & Rio Grande will be another connection to the Pacific coast, in addition to the Southern Pacific, with which it now connects at Ogden."

SPIKE AND RAIL.

Traffic Manager T. M. Schumacher has gone north on business.

Will McKellar and P. J. Plaisted of the Chicago, Milwaukee and St. Paul, have gone to Idaho on business.

J. P. Fengel, traveling freight and passenger agent of the Rock Island at Hutchinson, Kansas, is in the city.

J. A. Reeves, A. G. F. A. of the Oregon & Coast, is still in Kansas City attending the Trans-Missouri convention.

F. E. Lewis of Ogden, superintendent of hotels and dining cars on the Oregon Short Line and Union Pacific, is in the city.

General Passenger Agent D. E. Burley of the Oregon Short Line, who has been ill for some days, was on duty again yesterday.

P. F. Slattery of the Illinois Central at the Randolph street offices in Chicago, who has been visiting in Salt Lake for the past two weeks, left for Los Angeles this morning.

A dispatch from Clay Robinson & Co. of the Union Stock Yards at Chicago, Ill., to the "News" says, they sold yesterday for A. G. Tell of Ogden, five car loads of lambs at \$5.00, topping the market 10 cents. This output to be a source of great gratification to the Junction city.

It is reported that Chief Clerk L. A. Munroe, Fire Clerk G. M. Morton, Fire Clerk J. F. Brazelton and Stenographer J. W. Walton of the San Pedro, Los Angeles and Pacific offices in this city, will have an outing. They will go to Los Angeles to help get out the new tariff and rate sheets.

The Tonopah-Goldfield district is to have a new line of railroad which will be of great importance to Salt Lake. The Tonopah & Tidewater railroad has been incorporated with a capitalization of \$1,000,000. The new line, it is said, will run from Ivanpah station on the line of the Salt Lake Route in Lincoln county north, and will be a more direct and shorter route, both for Utah and southern California than the present one.

At a special meeting of the board of the directors of the Western Pacific Railway company yesterday at San Francisco, James Treadwell resigned as director of the company and William H. Taylor, vice president of the Bowling Green Trust company, vice president of the Mercantile National bank, both of New York, a member of the executive committee of the St. Louis & Southwestern Railway company, was elected a director in his stead.

The Railway Age of Sept. 5, in speaking of the San Pedro, Los Angeles and Pacific railroad, says: "We are informed the road will place orders in New York during September for rolling stock, approximately \$2,000,000. The company has been reported for several weeks as in the market for sixty-five locomotives, ten coaches, ten baggage cars, eight mail cars, 750 gondolas, 750 box, 50 stock and 20 way cars. It is stated that through train service will be put in operation Jan. 1, 1905, between Los Angeles and Chicago via Omaha. This will require about nine first-class trains."

Beautiful Women.

Plump cheeks, flushed with the soft glow of health and a pure complexion, make all women beautiful. Take a small dose of Herbine after each meal; it will prevent constipation and help digest what you have eaten. 50c. Mrs. Wm. M. Stroud, Midlothian, Texas, writes, May 31, 1901: "We have used Herbine in our family for eight years, and found it the best medicine we ever used for constipation, bilious fever and malaria."

E. H. MITCHELL MISSING.

Sixty-Year-Old Salt Laker Wanders Away From Home.

The disappearance of Edward H. Mitchell, a man about 60 years of age, from his home, 270 south Seventh West, has caused much excitement in the neighborhood in which he lived. Mitchell left home Sunday, since which time no trace of him has been discovered. The police have been notified and a description of the missing man furnished.

Mrs. Mitchell stated today that she believed that the missing man was slightly demented, and she fears that he has wandered far away.

Absence.

W. H. Harrison, Cleveland, Miss., writes, Aug. 15, 1901: "I want to say a word of praise for Ballard's Snow Liniment. I stepped on a nail, which caused the cords in my leg to contract and an abscess to rise in my knee, and the doctor told me that I would have a stiff leg so one day I went to J. F. Lord's drug store who is now in Denver, Colo. He recommended a bottle of Snow Liniment; I got a 50c size, and it cured my leg. It is the best liniment in the world."

ABSCESSES, with few exceptions, are indicative of constipation or debility. They may, however, result from blows or from foreign bodies, introduced into the skin or flesh, such as splinters, thorns, etc.
